

The Report on Rainfall Registration in Mysore for 1923.

READ—

Letter No. 630 dated the 19th April 1924, from the Meteorological Reporter to Government, forwarding in duplicate the Report on Rainfall Registration in Mysore for 1923, and requesting the early orders of Government thereon.

ORDER No. I. C. 6959-62—Sts. 24-23-4, DATED 8TH MAY 1924.

Recorded.

There was appreciable improvement in the inspection of rain gauges in the State, 207 stations having been inspected during the year under report as against 199 in 1922. The Mysore and Chitaldrug Districts still show however a somewhat large percentage of uninspected stations. The Deputy Commissioners of these districts are requested to see that all the rain gauges in their districts are inspected during the current year.

K. V. ANANTARAMAN,
Offg. Secretary to Government,
Revenue Department.
